Children’s Special Programs

The Rubber Ducky Club
Birth to 35-Month-Olds
Babies are born ready to read, and parents, grandparents, and caregivers have an important role as baby’s first teachers. Babies and toddlers love to hear their caregiver’s voice, and reading together is a great way to spend time bonding. Reading to a child also promotes listening skills, memory and vocabulary skills, helps with language development, stimulates the imagination, and instills a love of books and learning. The Rubber Ducky Club is the perfect opportunity for caregivers to get into the habit of reading with their child, have fun, and learn new ways to encourage early literacy.

- The summer reading program is open to all. No library card required.
- Beginning June 1, parents can get their children started on this pre-reader program by picking up a log at Naperville Public Library or printing one from the library’s website: http://naperville.readsquared.com
- Each child can complete a Rubber Ducky reading log with 12 suggested early literacy activities.
- After completing these activities together, the child will be eligible for incentive prizes.
- The last day to complete a reading log and receive prizes is Aug. 15.
